Clinical Experience

2003 Summer training in Prince Mansor Armed Forces Hospital
Dental Department, Taif, KSA
2006-2007 One year internship
Sept-Oct 2006 Orthodontic Department, King Fahad General Hospital (KFGH), Jeddah. Training for banding, bonding, placement of orthodontic wires, placement and activation of orthodontic retainers and other clinical procedures was achieved.
Nov 2006 Dental Department, King Fahad Armed Forces Hospital (KFAFH), Jeddah.
Dec 2006 Orthodontic Department, King AbdulAziz University Hospital, Jeddah. In this period, I attended with the residents of the Saudi Board of Orthodontics in their lectures and clinics, which allowed me to focus more on diagnosis and treatment plan formulation.
Jan-Mar 2007 Comprehensive Care Clinic, King AbdulAziz University Hospital.
Apr-May 2007 Oral and Maxillofacial Surgery Department, King AbdulAziz University Hospital. At that time, I attended with the Orthognathic team in their discussion meetings and learned a lot about orthodontic and surgical management of Orthognathic cases which allowed me to join one of these cases in the operating room with the maxillofacial surgeons.
June 2007 Dental Emergency Clinics at King AbdulAziz University Hospital.
Jul-Aug 2007 Orthodontic Department, King Khalid National Guard Hospital (KKNGH) **JCI ACCREDITED HOSPITAL**, Jeddah. The training was focused on cleft lip and palate cases and establishment of proper treatment plan for such cases.
**Sep 2007-
Sep 2008** Staff Dentist, Dental Department at (KKNGH). Participating with orthodontists in Infant orthopedics (nasopalveolar molding) for unilateral and bilateral cleft lip and palate cases. Also, part of my duty is screening and referring cases that need orthodontic treatment to the orthodontic team.
**Sep 2008-
Present** Resident in Orthodontic Department, Faculty of Dentistry, KAU. Now I am currently attending with the orthodontists in their specialty clinics, attending with the residents of Saudi Board of Orthodontics in their lectures and seminars in addition to teaching the preclinical lab work for the undergraduate students.
**21-25 Feb
2009** (Mid-year Vacation) Training in Orthodontic Department at KKNGH. It was more focused on orthodontic lab work regarding construction of many orthodontic appliances.

Scientific Presentations

- 2004** Occlusion in Fixed Prosthodontics, KAU.
2005 Management of Cementation Failure in Fixed Prosthodontics, KAU.
2006 Comprehensive Treated Adult Case Presentation, KAU.
2006 Completely Treated Orthodontic Case Presentation, KAU.
2006 Prevalence of Cavitated and Non-Cavitated Carious Lesions among Elementary School Children in Jeddah, KAU.
2006 Problems Solving in Orthodontics, KFGH.

Scientific Research

- 2005-2006** Prevalence of Cavitated and Non-Cavitated Carious Lesions among Elementary School Children in Jeddah, Saudi Arabia. This was a local research within the university for Community Department in the faculty of dentistry as a graduation Project.
Jan-Apr 2007 An Assessment of Oral Health Status, Treatment Needs and Supply of Dental Services in Jeddah, Saudi Arabia. Participated in this research as a clinical Examiner and for data collection.
