Dear Dr. Samia,

I would like to thank you and Jehan Asiri for the beautiful portrait of my time with President Obama when I was awarded the Presidential Medal of Freedom at the White House. It was one of the most meaningful honors of my life and I am still in disbelief that I was recognized in that fashion! I do hope that such an important moment will help us as we continue our collective battle to make a real difference in the Middle East and around the world for women and men battling such a dreadful disease.

Dr. Samia, you have made such an incredible impact in Saudi Arabia and I am honored to call you a colleague and friend. Thanks again for all you have done over the years.

With warm regards, *د ثمتت اففتتتت* —
