

Faculty Name: Dr. Mohammad Enani	
Education:	<ul style="list-style-type: none"> ➤ Teaching Assistance, Nuclear Engineering at King Abdul Aziz University in Jeddah in 1983 ➤ Teaching Assistance supported by KAU, University of Missouri in Columbia in the United States, In 1984 ➤ MS, Nuclear Engineering, University of Missouri in Columbia, Missouri in 1988. ➤ Ph.D, Nuclear Engineering, University of Missouri in Columbia, 1996
Academic experience:	<ul style="list-style-type: none"> ➤ 1996 – Present: Assistant Professor. ➤ Department of Nuclear Engineering at King Abdul Aziz University in Jeddah ➤ 1993 – 1995, Head of the Faculty of Engineering Academic Affairs ➤ 2005 – 2006, Head of the KAU Academic Restructuring
Current membership in professional organizations	<ul style="list-style-type: none"> ➤ American Nuclear Society ➤ Saudi Engineering Society
Honors and awards	<ul style="list-style-type: none"> ➤ In January 2005, was assigned to work as director of academic integrity restructuring the university and in January 2006, has been re-assigned to work as director of that unit for another year. ➤ Appointed as Nuclear Engineering Department Chairman at KAU in 05/29/2011 for two years.
Service Activities	<ul style="list-style-type: none"> ➤ NE Department ABET Committee ➤ Member of several department committees
Publications & presentations from the past five years	<ul style="list-style-type: none"> ➤ Conducted a funded research project by the KAU university titled "Determination of trace elements and radioactivity in milk in Saudi Arabia " and has published part of the results of this research in the Journal of King Abdulaziz University - Engineering Science Volume 15 Issue 2 for the year 2004 AH. ➤ Participated in research entitled " Determination of Toxic elements and radioactivity levels in Fruit Juices in the market of Jeddah, Saudi Arabia" and also has published part of the results of this research in the Journal of King Abdulaziz University - Engineering Sciences Volume 22, Number 2 for the year 2011.
Professional development activities	<ul style="list-style-type: none"> ➤ Headed the KAU Academic Restructuring Unit, he conducted a KAU funded developmental research project titled "Study the proposal to establish the College of Human Development at the King KAU University ➤ Workshop "Engineering Education for the twenty-first century", which was held in the Faculty of Engineering at King Abdul Aziz University in the period 11/11/2004- 11/17/2004 ➤ Short course about Introduction to the Concepts of the Statistical program SPSS, which was held in the Center for Teaching and Learning Development at KAU in the period 27/8/2002- 08/28/2002

-
- Symposium on "The adoption of standards, quality assurance, and the general framework of scientific qualifications in higher education in the Kingdom" and held under the auspices of His Excellency the Minister of Higher Education, the National Commission for Academic Accreditation and Assessment in InterContinental Hotel, Riyadh in the period 22-23/3/2005
 - Training course on "The Development of Academic Departments" that was held in the Center for Teaching and Learning Development at KAU on December 3, 2009.
 - Training course on "Design courses according to the specifications of academic accreditation," held in the Center for Teaching and Learning Development at KAU in the period 2-4 November with 2010.
 - Workshop about Research Interests in Atomic and Renewable Energy in the Kingdom of Saudi Arabia, held by King Abdullah City for Atomic and Renewable Energy with the collaboration of the Battelle Memorial Institute in U.S. in the period from 18/4/2012 to 19/4/2012 in Riyadh.
 - Attend a workshop about a Proposal for the establishment of a Nuclear Reactor uses fuel balls covered with graphite material held by King Abdullah City for Atomic and Renewable Energy with the collaboration of company "KRIVA ROCHEM" company, Belgian 5/8/2012 AH in Riyadh.
 - Workshop about Review of Developments in research nuclear reactor designs to be built at King Abdulaziz City for Science and Technology in Riyadh that was held in the city Pariloshi in Argentina in the period 23-25, 2013.
 - Participated in giving the number of short courses and lectures about Radiation Protection inside and outside the KAU university. He is also a member of the Saudi Quality Council and is also a member of the U.S. American Nuclear Society. He is also a member of the Saudi Council of Engineers and a member of a number of special committees in Department of Nuclear Engineering, Faculty of Engineering in King Abdulaziz University and has been Chairman of the Committee of Graduate Studies department in the period 2003-2007. He was appointed as Faculty of Engineering sports committee from the academic year 2005-2006.
