The Faculty of Engineering at KAU prides itself in providing both essential and exciting information to its community through new and innovative methods.

make a note...

Faculty Welcome: The Faculty of Engineering would like to welcome its faculty and staff, including new members, back to an all new and exciting academic year here at KAU. The college looks forward to their invaluable contributions to the KAU Engineering community and beyond.

Elevated Ranking: Further advancing in its goal to be at the top in the region and beyond in cutting-edge research and innovative engineering, the Faculty of Engineering at KAU has attained a higher ranking in three world education ranking outfits.

Rank	Organization	Subject	Year
#2	U.S. News & World Report (Best Arab Universities)	Engineering	2015
#45	Shanghi Academic Rankings of World Universities	Engineering	2015
#151-200	QS World University Rankings	ME/AE Engineering	2015

Industry Engagement: Select Faculty of Engineering students and faculty will visit the new Jeddah International Airport site on Monday, September 14th, marking yet another strategic engagement endeavor between the KAU Engineering community and local industrial projects.

Summer Training: The 2014-15 summer training courses were successfully completed August 7th, with up to 40 Faculty of Engineering students training at both Missouri University and Texas A&M University in the USA.

Engineering Gate: Faculty of Engineering students enjoyed the college's 'Engineering Gate' event, aimed at orienting new engineering students concerning their first year at the college. More information about the event, which took place Aug. 23-24, can be found at https://twitter.com/EngGate_15.
