A two-day Comprehensive Course Addressing
Fundamental Management Principles
for the First 24 Hours of Critical Care.

Lectures and skill stations prepared under the
Auspices of American Society of
Critical Care

Course Purpose

- To better prepare the non-intensivist for the first 24 hours of management of the critically ill patient until transfer or appropriate critical care consultation can be arranged.
- To prepare nurses and other critical care practitioners as well as non critical Care staff to deal with acute deterioration in the critically ill patient.

Course Objectives

- Prioritize assessment needs for the critically ill patient.
- Select appropriate diagnostic tests.
- Identify and respond to significant changes in the unstable patient.
- Recognize and initiate management of acute life-threatening conditions.
- Determine the need for expert consultation and/or patient transfer and prepare the practitioner for optimally accomplishing transfer.

Course Description

- Pre & Post tests
- 17 didactic lectures
- Companion textbook
- 9 case based skill stations
- Certificate of successful course completion
- Requirements for successful course completion by ASCC

Who Should Attend?

- Critical Care Fellows
- General Practitioners
- Specialists / Residents
- Respiratory Therapists
- Advanced Practice Nurses
- Family Medicine Physicians
- Emergency Medicine Physicians
