Short Movies	1500	1200	900

Best Faculty Award

The Best Faculty Award is a new award that was introduced in the 11th forum and continues for the current 12th forum. The award aims at rewarding actively engaging faculties whose students and staff are involved positively in the different tracks of the forum. A financial award of 5 thousand Saudi Riyals in addition to the Best Faculty Trophy are presented to the faculty that fulfils the following criteria:

1. Achieving or exceeding the targeted number of contributions estimated by the Scientific Committee. Faculties who achieve 100% or more of the target gets 15 points, and faculties that achieve less than the target get a percentage of those points according to the number of their contributions relative to the targeted number.
2. Diversity of the faculty's contributions to different tracks of the forum. Every faculty is eligible to 15 tracks of the forum, since students from a certain faculty are entitled to apply for only 2 of the 5 Scientific Research Track, one of which is the faculty's track (Medical Sciences - Engineering Sciences - Basic Sciences – Social Sciences) and the other is the Published Articles Track. Participation in each of the 15 tracks grants 2 points to the faculty, with a maximum of 30 points.
3. Winning the 1st award in any track is rewarded with 3 points, winning the 2nd award worth 2 points, while winning the 3rd award worth 1 point, with a maximum of 45 points.
4. The Scientific Committee's evaluation of the faculty's commitment to rules, positive engagement with the committee, and compliance with instructions worth 10 points.
