- ◆ Help Coordinate Student Internships
- ◆ Celebrate Student Events
- ◆ Help Create Corporate Partnerships

**Every effort will be made to meet  
your needs!**

## The Alumni Unit (ARU)

ARU is a communication bridge between students, alumni, employers, corporate partners in the Faculty of Engineering at the KAU.

### ARU Mission

ARU connects all stakeholders such as engineering faculty, students, alumni, and industry to mutually benefit from each other in job search and professional development.

### ARU Goals

- Create and maintain the database that contains updated information about engineering students, alumni, employees, and the employers.
- Develop effective partnership with employers, alumni, and the campus community.
- Provide the necessary information with regard to the potential employers, employment trends, jobs, and expected wages at diverse occupational levels and ranks.
- Help individual students and graduates in job search, resume building, writing cover letter, interview skills and networking with related organizations and individuals.
- Design and conduct workshops on self assessment, aptitude testing and career planning with the help of guest speakers, inside and outside experts.
- Organize company visits to establish a contact between the job seekers and the job providers.
- Organize orientation sessions for new students and reunions of engineering students, alumni and their friends.
- Publish the names of eminent and prominent college alumni figures on the college website.

## ARU Services

**Distribution of Job Opportunities:** The ARU Advertises all full/part-time positions, through e-mail, SMS messages, online website services, print posters and distribute them all over the university.

**Prepare Students and Alumni Lists:** The ARU prepares a list of all engineering alumni for employers containing full contact information, major discipline, GPA and any specified condition.

**Engineering Day (On-Campus Recruitment):** The engineering day is the most popular event for on-campus recruitment at the Faculty of Engineering for alumni and graduating students. The engineering day is participated by numerous actors of the field such as industrial engineers, the KAU administrative leaders, human resource professionals, academic experts, public sector recruiters, alumni and graduating students. This event provides an enormous opportunity to establish contact between industrial employers and FOE students. The college invites key industrial concerns to attend the engineering day. This is a three day long event. The industrial groups display the available job opportunities in their industry and accept resumes from alumni and graduating students. ARU is the proud contributor in organizing this historic event every year.

**Resume Book:** The ARU prepares a resume book that contains full contact information, education, professional experience, skills, interests, and availability of job seekers.

**On-Campus Interviews:** The best service that ARU is providing is to schedule on campus

interviews and bring the employers and job seekers on one table. The one to one meetings are useful for both the parties.

**Internships:** Internships strengthen the relationship between industry and the Faculty of Engineering at the KAU. The industrial employers contribute in the processing of engineering education by accepting interns from the university. The interns are the future work force of industrial sector in the kingdom. This is how the importance of this relationship is enhanced.

**Customized Recruitment:** The Faculty of Engineering welcomes any creative idea so as to encourage customized recruitment. The courses are designed in a way to support the existing industry in Saudi Arabia. The ARU helps develop this relationship between the employers and the college.

**Corporate Partnerships:** The ARU is a very active agent that helps to solidify corporate partnerships with the college. The employers can maximize their recruitment efforts by working with the college. Different customized service packs to choose from provides a perfect solution to create a powerful brand and to raise awareness among FOE students and alumni at the KAU. The program gives our partner employers the priority in selecting trainees, initiating patronage programs, brand visibility, participation to events and many other special services.

**We will do whatever it takes to  
make your recruiting efforts  
successful!**
