#### Training courses

The Training Program in the use of virtual classrooms from 5 \ 12 \ 1430, 23 \ 11 2009 Deanship of Distance Learning
Session of the national dialogue from the center of development for the year 1431
Participation in the committee of examination and measurement capabilities at King Abdul-Aziz University in 1431 \ 1432 H
Participate in the entrance exam for graduate students for the 1432 H
Scientific research Funded by King Abdul-Aziz University, Title

Possible protective mechanism(s) of pulsated UV light and natural and synthetic antioxidants against mycosis and mycotoxicosis in Albino rats, Research No. (17/31/429)
Scientific research Funded by King Abdul-Aziz University, as principle investigator
Title
-Histochemical, Ultrastructural and cytogenetical effects of Taxol

#### Conferences

Attend the Forum and the International Exhibition of Environment and Sustainable Development Gulf 21-28 \ 1432 H

#### Certificates and shields

Certificate of thanks and appreciation from the Dean of Student Affairs Agency of Student Activities and Participation in Reading for All Festival Wednesday, 25 \ 4 \ 1432 H
Shield of the Deputy Dean of Student Affairs for Student Activities Dr. Manal Madiniye to the presidency of the General Committee for cultural and artistic
Certificate of attendance from the Center of Excellence in Environmental Studies (Environmental Awareness Campaign in a creative solution to environmental problems
