Student's Activity Unit

This Unit is responsible for all the extra and co-curricular activities related to students

Need:

Activities other than academics are essential for grooming the students so that they have all-round abilities required to be a productive member of the society. Besides breaking the monotony of academic commitments, such activities are needed for optimal development of brain and body. Harmony and comradeship among fellow students also get propagated through such events. To organize and conduct different extra and co-curricular activities of students, a supervisory body is needed

Organizational Structure:

Unit is patronized by the **Dean** of the Faculty and works under the guidance of **Vice Dean of Basic Sciences**

Sub-domains:

There are 4 domains. All of these sub units work together in order to yield maximum results

Islamic Activities:

Propagation of Islamic values among our students is necessary to make them a good physician and a good human being. The related member is responsible for generating activities which should help students to know the importance of Islamic teachings in their life. Use of Quran, Hadiths and Tafseer is encouraged in this regard

Sports Activities:

Sports are an integral part of a student's life and are needed for their optimal grooming. Besides bringing fitness and stamina, it also enhances the leadership qualities and team spirit. Sport activities are encouraged at the Faculty of Medicine in Rabigh and sporting events are held regularly during the academic years under the supervision

of faculty member in charge of sports. These events includes

- Interclass Table Tennis Tournament
- Interclass Swimming Championship
- Interclass Volleyball Tournament
- Basic Sciences Football Championship
- Clinical Sciences Football Championship
- Athletics' Events at Sports Day

Annual Sports Day have been held with its true spirit with athletic events including 100 meters, 200 meters, 100 meters X 4 Relay races, Shot put competition, etc.

Medals and Trophies are given during the Annual Social Day.

Indoor games facilities like Table Tennis and Billiard are provided all the time for students to utilize during breaks and free time

Cultural Activities:

Kingdom of Saudi Arabia has a rich culture. Students in the faculty of Medicine are taught to preserve that culture. Different activities are generated to promote cultural values especially on the Annual Students' Day. Students are encouraged to bring new ideas and to participate fully in such activities. Annual Interclass Quiz Competition, Painting and Calligraphic competitions are few examples through which culture is propagated.

Social Activities:

These too are important in a student's life. These help them to remain connected. Faculty member in charge is responsible to make the students involved in social activities being held sporadically and on Annual Students Day. Interclass debate

competition, speeches, awareness campaigns are generated in this regard to name a few

ANNUAL STUDENTS' DAY

Every year the Dean of the Faculty of Medicine invites the staff and students of the college for a dinner. It is organized by the members and students attached with this committee. This special occasion is arranged at the shores of the Red Sea and begins before sunset and culminates in the wee hours of the weekend. The informal gathering of students, faculty members and administrative staff provides a sigh of relief from the enduring medical course. The occasion is made captivating by events like short interesting speeches, dramatic skits, photographic exhibitions, interclass quiz and calligraphic competitions. It is an evening to celebrate extra- curricular activities

during the year by awarding prizes. Through the soaring happiness, a moment of melancholy is also surfaced to bid farewell to the outgoing colleagues. New ones are welcomed within the great evening with great food.
